**REPORT OF THE COMMITTEE ON LEGAL, RULES AND
PRIVILEGES ON TRACKING THE IMPLEMENTATION OF
RESOLUTIONS AND QUESTIONS OF THE ASSEMBLY**

September 1st - 5th 2015 - Arusha, Tanzania

Clerk's Chambers
EAC Headquarters' Building
BABA Wing
Arusha, TANZANIA

September 2015

1.0 INTRODUCTION

The East African Legislative Assembly (EALA) is one of the seven Organs of the East African Community (EAC) established under the provisions of Article 9 of the Treaty for the Establishment of the EAC. The Assembly is mandated under Article 49 of the same Treaty to legislate and oversee implementation of EAC laws as well as the four pillars that will finally deliver the EAC integration process.

The EALA largely exercises its oversight mandate through its Committees. According to rule 81 and Annex 5 (B) of the Rules of Procedure of the Assembly, the Committee on Legal Rules and Privileges, is mandated on behalf of the Assembly to; *inter alia*, exercise oversight function over the work of EAC – Organs and Sectoral Committees under its purview. In accordance with the approved EALA workplan for FY 2015/2016, and consequent upon the directive of the Rt. Hon. Speaker during the Assembly Plenary in Kampala, Uganda (16-28/08/2015), the Committee was tasked to track the implementation of Resolutions and Questions of the Assembly, and Council commitments.

On 1st – 5th September, 2015, the Committee on Legal, Rules and Privileges held a meeting in Arusha, Tanzania to track the status of implementation of Resolutions and Questions of the Assembly for the period 2002 – 2014.

The Committee inquired into the various Resolutions passed by the Assembly, Questions raised by Members and found some to have been implemented, some not implemented and others partially implemented.

2.0 OBJECTIVES OF THE OVERSIGHT ACTIVITY

The key objective of this oversight activity was to track the status of implementation of Resolutions and Questions of the Assembly, and Council commitments for the period 2002 - 2014.

3.0 EXEPECTED OUTPUTS

- (a) Assembly resolutions and questions tracked.
- (b) Committee report on the status of implementation of Resolutions and Questions of the Assembly, and Council commitments for the period 2002 – 2014 produced;
- (c) Report of the Committee on LRP on the implementation of Resolutions and Questions of the Assembly, and Council commitments for the period 2004 – 2014 submitted to the House for adoption.

4.0 METHODOLOGY

In carrying out its mandate, the Committee employed various methods, which included the following:

- (a) holding a Committee meeting in Arusha, Tanzania from 1st – 5th September, 2015 to review literature on the implementation of Resolutions and Questions of the Assembly, and Council commitments for the period under review(2002-2014);
- (b) Studying the East African Monitoring System (EAMS) to ascertain how it can enhance the oversight functions of the Assembly;
- (c) reviewing a matrix of the Assembly Resolutions and Questions asked during the period under review;
- (d) writing and adopting the Committee report for onward transmission to the House for debate.

5.0 FINDINGS AND OBSERVATIONS

- i.* During the period under review (2002-2014), the Assembly passed 105 Resolutions some of which required concrete actions by the Partner States and the relevant EAC-Organs and Institutions while others were procedural, and others were by way of paying tribute (none-actionable). Some of the Resolutions were found to have

been implemented, some not implemented and others partially implemented
(**matrix herewith attached**).

- ii.* While Resolutions requiring action were transmitted to the Partner States and the relevant EAC-Organs and Institutions, the Office of the Clerk rarely receives feedback from these entities on the status of implementation of these resolutions. This has been compounded by a lack of clear implementation modalities and feedback mechanism.
- iii.* During a review of the Questions raised, it was found out that more time would be required to study the Hansard so as to be able to extract the Commitments made by the Council of Ministers before the House during the Questions and answer session, and thereafter the tracking of implementation of such commitments would be done.
- iv.* It was noted that the EAC-Secretariat has put in place the East African Monitoring System (EAMS), which is designed to systematically and continuously help in collecting, analyzing data on implementation of the EAC integration agenda and to provide information at the right time to help in making informed decisions. EAMS serves as a speedy and effective way of providing informative reports.
- v.* The EAMS is also used as a database for the decisions of the Summit, Council of Ministers and Sectorial Councils. Partner States are developing similar systems to be linked with EAMS for easy flow of information regarding the implementation of their decisions. At present, four Sectorial Councils have started using the system, namely: Legal and Judicial, Transport, Communication and Meteorology, Trade, Industry, Finance and Investment, and the Sectorial Council on EAC Affairs and Planning.
- vi.* However, it was observed that the EAMS excludes the EACJ and EALA. There is need to expand the system to includes resolutions, Bills and laws, questions and reports of oversight activities by the Assembly, and decisions by EACJ.
- vii.* The Committee noted that the EAC Monitoring office which is vital in tracking the implementation Community activities/programmes and Council decisions is under-

resourced and underutilised, thus the need for EALA to establish and strengthen its own.

- viii.* The Committee noted that in the Annual Report of the Council to the Summit critical issues pertaining to the Assembly are not sufficiently captured. In effect, such important issues that would require action by the Summit are usually left out and therefore, not addressed.
- ix.* The Committee further noted the need for a well-managed data base for Assembly Resolutions and Questions, and Council commitments which will ease tracking of their implementation.
- x.* It was also noted that for the Assembly to effectively execute its oversight mandate it needs to build a robust and well-resourced Research/Monitoring Unit, which among others, will ensure regular data collection and analysis.
- xi.* The timelines for assenting to Bills passed by the Assembly as provided for in the Treaty were found not to have been observed, and in some cases, reasons were not provided for withholding assent to Bills passed by EALA.
- xii.* Regular tracking and documentation of the implementation of EALA Resolutions and Council Commitments is a critical tool/instrument in evaluating how far the Assembly has performed and executed its mandate.
- xiii.* It is incumbent upon all the relevant Organs and institutions of the EAC to ensure diligent and timely execution of their respective mandates in a bid to realize the principles, goals and objectives of the Treaty, and pillars of integration.

6.0 RECOMMENDATIONS

In light of the above, the Committee recommends as follows:

- i) The Office of the Clerk should develop a compendium of Assembly Resolutions and Questions, Bills and laws passed on an annual basis.

- ii) That the Assembly urgently mobilizes resources to develop an on-line monitoring module under the East African Community Monitoring System currently operational at the EAC Secretariat that will serve as a database for regular monitoring and follow up of EALA Bills, Resolutions and implementation of Regional laws/Acts. The Assembly urges other EAC Organs, particularly the East African Court of Justice to adopt the same.
- iii) That focal point officers (Partner States and EAC Organs and Institutions) be designated to undertake data collection and analysis, and overall operationalization of the monitoring module.
- iv) The Office of the Clerk of the Assembly should ensure proper scrutiny of Motions and Resolutions to ensure compliance with the Treaty for the Establishment of the East African Community and other Laws of the Community.
- v) In the intervening period, pending the establishment of the EALA Monitoring and Evaluation Unit, the EAC Secretariat Monitoring and Evaluation Unit should submit to the Assembly quarterly M&E Reports.
- vi) The Annual Report of the Council to the Summit should comprehensively capture issues of the Assembly. The Clerk should always seek the input of the EALA Commission on the issues to be included in the report.
- vii) For the Assembly to effectively execute its oversight mandate it needs to build a robust and well-resourced Research/Monitoring Unit, which among others, will ensure regular data collection and analysis.
- viii) Considering that the Committee was able to only consider Resolutions of the Assembly, more resources should be availed to the Committee to also track Questions, Bills, and Council Commitments to the Assembly as well as the implementation of laws and Acts of the Community.

7.0 CONCLUSION

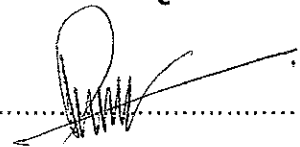

There is urgent need to put in place the necessary infrastructure to bolster the Assembly's capacity to effectively execute its oversight mandate. Critical among which is a well-managed data base for Assembly Resolutions and Questions, and

Council Commitments, a robust and well-resourced Research/Monitoring Unit and regular capacity building for Members.

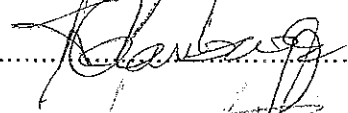

The Committee therefore urges this August House to adopt the Report on tracking the Status of Implementation of the Resolutions and Questions of the Assembly for the period 2002 – 2014.
