

Kigali to Host 3rd EAC Aviation Symposium

Details

Entebbe, Uganda; 23 April 2014: The East African Community Civil Aviation Safety and Security Oversight Agency (CASSOA), in partnership with the EAC Partner States' Civil Aviation Authorities (CAAs – BCAA; KCAA; RCAA; TCAA and CAAU) will host the 2014 edition of the EAC Aviation Symposium on 9th May 2014 at the Serena Hotel in Kigali, Rwanda.

Themed: "Addressing Today's Challenges: Aviation Safety and Security through Regional Integration, Regulatory Compliance and Stakeholder Participation", the 3rd EAC Aviation Symposium aims at providing an updated picture of the new regulatory framework to be implemented for the aviation industry at large.

An outlook into the challenges posed for the sustainable development of civil aviation will also be addressed in relation to specific areas such as regional integration, regulatory compliance as well as stakeholder participation.

It is expected that the outcome of the interactive symposium will provide valuable views from civil aviation stakeholders and aid in the implementation of the International Civil Aviation Organization (ICAO) Standards and Recommended Practices (SARPs), as provided for in the Chicago Convention and its 19 Annexes.

The 3rd EAC Aviation Symposium is expected to bring together aviation sector regulators, air operators and service providers, trainee inspectors and security, air transport policy makers and academia among others.
